About HMC Capital

HMC Capital is a leading ASX-listed alternative asset manager which specialises in real assets and private equity. We manage approximately \$8bn on behalf of institutional, high net worth and retail investors. We have a highly experienced and aligned team of over 80 professionals with deep investment and operational expertise. Our point of difference is our ability to execute large, complex transactions. This has underpinned our rapid growth in funds under management since listing in October 2019 and track record of generating outsized returns for our investors. Our investment strategies are exposed to sectors benefitting from powerful

megatrends such as healthcare, life sciences and last mile retail logistics. We are well positioned to grow our funds under management to over \$20bn in the medium term by scaling our existing platform and expanding into new alternative sectors such as energy transition, infrastructure, and private credit.
